- Achieved global rank 10250 in leetcode weekly 105 among 23k participants.

## TECHNICAL SKILLS

### Programming Languages

- C
- C++
- HTML
- CSS
- Javascript

### Technologies/Frameworks

- Bootstrap
- GitHub

### Areas of Interest

- Data Structures and Algorithms
- Competitive Programming
- Web Development

## RELEVANT COURSEWORK

- Data Structures
- Algorithms Analysis
- Operating System
- Web Programming
- Introduction to Programming

## EDUCATION

B.Tech. (IT) - 9.2 CGPA

SRM University

📅 2021 - 2025

Higher Secondary

Central Board of Secondary Education

📅 2020

Secondary

Indian Certificate of Secondary Education

📅 2018

## PROJECTS

### To-Do-List

#### • HTML | CSS | JavaScript

- Built a To-Do List application to make a list of daily works written down in one place.
- Implemented functionalities like add task, remove task, filter tasks and also mark tasks as done

### Ping Pong Game

#### • HTML | CSS | JavaScript

- This is a single-player computer game where a player hit the ball from the rods to increase their score and if the player misses to hit the ball then the game is over.
- On every hit on the rod and left or right side of the computer screen there is a sound effect and there is also a sound effect on the game over.
- I have used local Storage to store the highest score that the player made and show an alert on the game start and on the game over.

### Food Recipes App

#### • HTML | CSS | JavaScript | API

- Users can search for any meal recipes that they want. They can also read the recipe's instructions or watch recipe videos.
- Users can also add any recipes to their favourites list and see all favourites list items even after refreshing the page or closing the browser.

## CERTIFICATIONS

- HackerRank : [Problem Solving \(Basic\)](#)
- HackerRank : [Problem Solving \(Intermediate\)](#)
- GeeksForGeeks : [Bootcamp \(DSA\)](#)
